THE GAZETTE.

FRIDAY, JUNE 17.

The Western Watchman, a Catholic paper of St. Louis, is responsible for the statement that there is not one negro worshiper in all the eight Protestant churches of St. Louis.

The product of flour for the past week at Minneapolis was 117,550 barrels against 114,300 for the previous week. The shipment of wheat, 738,610 bushels, was the largest on record; receipts, 720,500 bushels. In store at Minneapolis—520,189 bushels, at St. Paul, 475,000; at Duluth, \$104,000.

The recent improvements in printing presses may be seen in the wonderful machine which has just been set up in the press-room of The Mail and Express in New York. It cuts, prints, folds and counts two thousand copies of a newspaper in a minute. Major Bandy, the editor of the Mail and Express, once lived in Beloit. In fact he was graduated from Beloit college.

A clergyman from Portland, Oregon, told this incident the other day at the Baptist meeting at St. Paul, as illustrating the unsettled state of people's minds in the far northwest. Among the residents of Portland he found a family with a letter from a Boston church dating back thirty-four years. When he asked the lady of the family why in the world she had not sent me in the course of those thirty-four years come in and joined one of the Baptist churches of Portland, her simple reply was: "Well, you see, sir, we haven't been quite certain whether we should remain."

RAILWAYS AND CAPITAL.

The other day the locomotive firemen held a meeting in New York, when Mr. Chauncy M. Depew, president of the New York Central, made a speech, and among other things he said:

We hear a great deal nowadays about the bloated capitalists and monopoly. Into the New York Central railroad a few capitalists put their few thousands, and the widows there \$100 or \$1,000. And this is the "grasping monopoly." It is a co-operative society for running a railroad, and you and I are its employees. I have come down to talk to my fellow employees, and have put on my best Sunday clothes (laughter). Now the railroad will turn about \$8,000,000 this year. The contractors, men, and dealers about us being taken out of the people and put into the pockets of the capitalist. But out of it comes 12,000,000 for wages—yes, and I get that; \$8,000,000 for taxes, and \$18,500,000 for repairs, mostly for labor, leaving something over \$8,000,000 for dividends. So that the bloated capitalists pay out \$1,000,000 for labor and plants out \$8,000,000.

This may not be very substantial argument against an increase of wages among the firemen on the Central road, it does show, what may seem to forget that a very large share of railway earnings go into the pockets of its employees. For instance, the total income from all sources of the Chicago, Milwaukee & St. Paul railway for 1886, was \$21,551,000. The wages paid to its employees amounted to \$10,930,112, very nearly half of the gross earnings. The amount paid to employees in Wisconsin being nearly four million dollars—\$3,725,455. The Chicago & Northwestern railway's earnings for 1886, reached nearly twenty-five millions, and it paid over ten millions for labor, and three millions for material. These are facts that working-men should remember.

"THE FRAUD OF '76."

Democratic papers are still harping on Mr. Chandler's election to the senate from New Hampshire. They have not liked Chandler since he exposed the fraud by which the democrats attempted to steal the presidency in 1876. Democrats can't speak of the party republicans took in that contest without calling it the "great fraud of '76" or "the most unblushing political crime of the age." If ever there were frauds committed by democrats, the most shameful were those in the fall of '76, when the democratic leaders tried to buy the presidency by bribing electors. The country has not forgotten the oaths of disloyalty of that year sent out from the democratic headquarters in New York. That little man Chandler was among the first of republican leaders to see that the state laws pertaining to elections were properly enforced. He is hated by democrats for succeeding so far enforcing the laws as to defeat the schemes of the democratic leaders.

The most disgraceful political proceeding that ever occurred in this country, was the attempt of Mr. Tilden's managers to bribe returning boards and electors. The readers of the Gazette have not forgotten the notorious Oregon dispatch, sent in cipher, from New York, offering \$10,000 for one electoral vote, and the part that Cronin had in that piece of crime. Poor Cronin! he had some heart, but was seduced by democratic bribe, and did not live long under the load of disgrace placed upon him. Then the democratic managers, sent a dispatch direct from Gramercy Park, to send \$10,000 Copen-hagen in test United States bonds, to South Carolina. They made like propositions to the electors of Louisiana and Florida, but were not successful. Mr. Chandler took an important part in flogging these crimes upon the leaders of the democratic party in New York, and they have despised him ever since.

Then there is another thing why democrats hate Chandler. He is one of the ablest men in the east, in some respects. He is not what would be called a great lawyer, but he is thoroughly informed on all public questions and is a splendid speaker, and he is likely to make the democratic future fly when occasion requires him to attack the democratic party. Frauds and scams can't pass under his notice without a rebuke that will be as sharp as anything language can say.

LUMBER FIRE.

Cicago Lumber Yards on Fire this Afternoon.

CHICAGO, June 17.—A fire broke out at one o'clock this afternoon in the lumber district in the vicinity of Blue Island avenue and Ruby street, and threatens to do much damage. A general alarm was turned in and fears are entertained that the conflagration will sweep the lumber district of that portion of the city.

BRIEFLETS.

The Bower City Cadets drill this evening at the Guards' armory.

—There is a large crowd of farmers in to see the races this afternoon.

—All three of the local banks are short of small change. The saloon keepers have pumped them dry.

—Several families were aroused last night by night prowlers but so far as we can learn no burglaries are reported.

—The warmest morning of the season at seven o'clock the temperature registered at 80 degrees above zero. Wow!

—Rock River Encampment No. 3, I. O. O. F., assemble in regular semi-monthly meeting this evening at Odd Fellow's hall.

—Mr. and Mrs. T. Brown, of the third ward, rejoice in the addition of a baby boy, who came to gladden their home last evening.

—There was some mistake regarding the meeting of the Fourth of July committee last evening. The meeting will be held this evening at the council chamber.

—The invitations for the annual party of the Janesville High school are being sent out. The party will be given on Friday evening, June 24, at the Guards' armory.

—People's Lodge No. 400, Independent Order of Good Templars, assemble in regular weekly session this evening—lodge room in the Court Street M. E. church block.

—About the hottest place in the city to-day is the Milwaukee street bridge. People generally take the shady side of the street in passing along the business thoroughfares.

—Olive Branch Lodge No. 36, Ancient Order of United Workmen, assemble in regular semi-monthly meeting this evening—lodge room in the Lappin block, East Milwaukee street.

—The Park Hotel is doing a rushing business. 300 guests were served at dinner yesterday and about 400 to-day. The hotel under the management of Mr. Johnson is very popular and a credit to the city.

—Word comes from Milton to-day that W. W. Clark's jewelry store was entered by burglars during last night and two hundred dollars worth of watches, and jewelry carried away. The "crooks" escaped with their booty. No other particulars.

—The Baraboo Republic—W. E. Hess, of Janesville, formerly an assistant Superintendent of supplies at division headquarters, was here during the past week visiting Mr. and Mrs. F. T. Brown and other friends.

—A "smart" sucker who has been following up the races ever since the commencement at Rockford, and who has been winning money at the various games of chance, this morning lost \$170 at faro, and immediately "peached" in for the police. The bank gave the "boboy" back a portion of his money.

—We acknowledge the receipt of an invitation from Mr. F. F. Norcross to attend the commencement exercises of Beloit College, June 19-23. The invitations are fine lithographs, containing the names of the class of '87, and will be a handsome souvenir of the event. There are sixteen young men in the class.

—The indications are that a large number of people will avail themselves of the opportunity of picnicking at Devil's Lake next Tuesday, therefore those who intend going, should buy their tickets early, in order to secure seats, as this is the only way the committee may know how many cars to order. The train will stop at the picnic grounds.

—Mr. Adam Scott then read an original poem, directed principally to the worthy president of the society, Dr. James Mills. There was much merit and a good deal of compliment in the production, which was received with great applause by all. Dr. Mills, in acknowledging the many compliments intended, remarked, that it was no doubt a good thing that Robert Burns was not present.

—Mr. Ed. Ehrlinger recited in an admirable manner "Hofmann, who culminated in the War, and who would have died were it not for the 'uncontrollable' influence of potatoes." This was a humorous story which produced much merriment.

—Hon. Andrew Barlowe favored the guests with a song—Jessie, the Flower "Dulcine." Mr. Barlowe always pleasantly entertains his hearers with his old time Scotch songs.

—Mr. Adam Scott then read an original poem, directed principally to the worthy president of the society, Dr. James Mills. There was much merit and a good deal of compliment in the production, which was received with great applause by all. Dr. Mills, in acknowledging the many compliments intended, remarked, that it was no doubt a good thing that Robert Burns was not present.

—James G. was purchased by Mr. W. H. Wilson, of Cincinnati, Ky., and Mr. J. I. Case, of Racine, Wis. in equal partnership. The horse is now in possession of Mr. Wilson and will be managed by him in his racing. It is just possible that he may be a candidate for the ten thousand and dollar purse at Hartford. It is believed by many good horsemanship that James G. can beat any stallion in the world.

—Enough "thimble riggers" are on hand to make things very lively.

—The attendance at the races this afternoon is larger than on any previous day of the meeting. The train from Rockford this morning brought a large delegation of horsemen. The Rockford train of the Chicago, Milwaukee & St. Paul road will be held until seven o'clock this evening to accommodate the people in attendance at the races from towns on that line.

—Galbraith Bros. received a dispatch last night from Quebec announcing the safe arrival at that port of another shipment of horses. This time it is English Coachers, a class of horses that will be favored much by many people in this country for the raising of carriage and driving horses. This enterprising firm have over 100 head, bought on the other side of the Atlantic, which will be shipped to Janesville between now and the 1st of September. They are sparing neither time, hard work nor money in making their selections and they are importing nothing but what is strictly first class as is ample proven by their success at the fair, and in the number of sales they make. Janesville will soon be the live stock emporium of America.

—Every detail of the fair festival given by Trinity parish at the home of Mr. and Mrs. E. H. Davies, last evening, was a complete success. There were enough to suit the most fastidious, and they ranged in price from five cents to five dollars. But before the fair sale, the register was 63 and 74 degrees above zero. Partly cloudy with west wind. For corresponding hours one year ago the register was 63 and 74 degrees above zero.

—The Caledonians are now making arrangements for their annual picnic, which will take place at some convenient point "up river" in August.

—The WEATHER.

At seven o'clock this morning the thermometer indicated 80 degrees above zero.

Clear with southwest wind. At one o'clock p. m. the register was 90 degrees above zero. Partly cloudy with west wind. For corresponding hours one year ago the register was 63 and 74 degrees above zero.
